

The Pregnancy Help Center Needs Your Help

Become A Sponsor Today

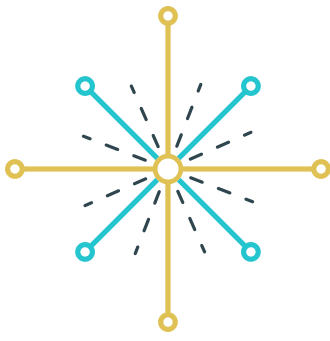

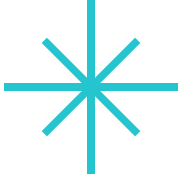

We are pleased to announce and bring to you our Bubbles For Life Family Fun Day and Walk.

The Pregnancy Help Center of Smith County is a local 501 (C)(3) non-profit organization. As you know none of our funding comes from the government. This means all funds are donated to us from individuals, churches and businesses like yours.

Our Center helps families from the beginning of pregnancy until the child's 2nd birthday. We provide classes (where parents and grandparents earn free baby items), parenting education, counseling, and other resources. All of PHC's services are free. Through this help we make our community a better, safer, and more productive place, along with better parents!

Your donation is tax deductible and will help the center pay for the event and our shirts that will hold the logo above. We will also place your business name on the back along with the rest of our sponsors for this new event which will be held on Saturday Oct 7 at Kid Central Park from 10 am - 2 pm. The sponsor fee starts at \$100.00 and anything extra would be greatly appreciated!

Please help PHC today by becoming a sponsor in our Bubbles For Life Event.
